

## Epiphany Sermon Prompts – January 4<sup>th</sup>, 2026

### **Magi:**

What do you observe throughout your day?

What do you fear?

*May God be a guiding star for us this Epiphany day like God was the guiding star for the Magi. May God reveal to us that God is present in our moments and our days, that we need not be overcome by fear like Herod, but may bring our fears to foot of the manger, leaving them there to be transfigured into gifts of trust for the road ahead this year.*

### **Disciples:**

What are you looking for in your life at this age and stage?

“Jesus, Where are you staying/abiding/remaining?”

In response to this spiritual reading we’ve engaged in this morning, Jesus says:

*“Come and See.” I have given you signs to observe. I have called you beyond your fear. I can help you find what you are looking for. I am walking with you and I am going ahead of you to prepare a place for you to remain with me, so that we might be one, and that you might walk in my footsteps. Come and See.”*

*May it be so – may we respond to the invitation of Jesus, keeping that invitation at the center of our hearts like a burning flame, a guiding star.  
May it be so. Amen.*
